

NEW! Household Battery Recycling Program

The Town of Los Altos Hills and Los Altos Garbage Company are pleased to announce that starting August 1st, 2006, household batteries will be accepted as part of your recycling program.

- Seal household batteries in a clear plastic bag and set on top or next to your recycling container on your regular bi-weekly recycling day.
- Program includes “Dry Cell” battery sizes: AA, AAA (1.5 volt), C, D and 9 volt (see reverse side for a complete list of batteries)
- **Sorry, we cannot accept car batteries.** Contact the Countywide Household Hazardous Waste line at (408) 299-7300 for more information.

Other Batteries Accepted:

People • Service • Environment
